

Article 9: Signs

Section 901: Statement of Intent

- (A) The purpose of the provisions established under Article 9 of this Joint Zoning Ordinance is to establish specific regulations pertaining to signs for all land uses, zoning districts and conditions within the municipality with jurisdiction. The objectives of these provisions are as follows: to promote and maintain overall community beautification; establish reasonable time, place and manner regulations on the exercise of free speech; promote traffic safety; and promote appropriate and efficient use of land.
- (B) The regulations concerning signs, as established under Article 9 of this Joint Zoning Ordinance shall be subject to the interpretation of the municipality with jurisdiction. Should a dispute arise concerning the interpretation of these regulations, the person aggrieved by the interpretation may file an appeal with the Zoning Hearing Board.

Section 902: General Standards and Requirements for all Signs

- (A) Permits: Unless otherwise specified by this Joint Zoning Ordinance, a permit shall be required for all signs within The municipality with jurisdiction in accordance with the following procedures:
 - (1) One (1) complete permit applications shall be submitted to erect, install, replace, remove and alter signs, as required by the provisions of this Joint Zoning Ordinance. The application shall include the permit fee.
 - (2) The permit application shall contain all information necessary for the Zoning Officer to determine whether the proposed sign conforms with the requirements of this Joint Zoning Ordinance. At a minimum, the following information shall be included:
 - (a) Two (2) copies of the plans and diagrams drawn accurately to scale depicting the dimensions of the lot, cartway, right-of-way and location of the sign.
 - (b) The exact size, dimensions and location of the sign to be placed on the lot or building, together with its type, construction, materials to be used, and the manner of installation.
 - (c) Any other useful information, which may be required of the applicant by the Zoning Officer.
 - (3) The permit application shall be granted or refused within thirty (30) days from the date of completed application.
 - (4) No sign permit shall be issued except in conformity with the regulations of this Joint Zoning Ordinance, except upon order of the Zoning Hearing Board, granted pursuant to the procedures for a variance.
- (B) Construction: All signs, except temporary signs, shall be constructed of durable material and kept in good condition and repair. Any sign, which is allowed to become dilapidated or in a state of disrepair may, after thirty (30) days of notification, be removed at the expense of the owner or lessee of the property.
- (C) Location and Placement: All signs shall be located and placed in compliance with the provisions of this Joint Zoning Ordinance. The following requirements shall apply:
 - (1) No sign shall be posted, stapled or otherwise permanently attached to public utility poles or trees within a street right-of-way.
 - (2) Unless otherwise specified, no portion of any freestanding sign shall be located within five (5) feet of the street right-of-way line or within twenty (20) feet of a property line.
 - (3) All traffic control signs, directional signs, traffic signals or other signs, which are located within a street right-of-way shall be permitted by the municipality with jurisdiction or Pennsylvania Department of Transportation.

- (4) No sign shall be located, placed or arranged in any manner that interferes with vehicular traffic, including the obstruction of sight distance.
- (D) Area: The area of all signs, which are permitted within the municipality with jurisdiction are specified under Section 903 of this Joint Zoning Ordinance. The following specific provisions shall apply to the area of a sign:
- (1) The area of a sign shall be construed to include all lettering, wording, border trim or framing, and accompanying designs and symbols, together with the background, whether open or enclosed, on which they are displayed, but not including any supporting framework and bracing.
 - (2) Where the sign consists of individual letters or symbols attached to a surface, building, wall or window, the area shall be determined by calculating the smallest rectangle, which encompasses all of the letters and symbols used for the sign, regardless of the actual shape created by the letters and symbols.
 - (3) The area of a sign, painted upon or applied to a building, shall be considered to include all lettering, wording and accompanying designs or symbols together with any backing associated with the sign.
 - (4) In computing the square foot area of a double-faced sign, only one (1) side of the sign shall be considered as the area of the sign, provided that both faces are identical inside the frame of the sign. In cases where the signs are not parallel or if an interior angle is created to provide visibility, both sides of such sign shall be considered in calculating the sign area. Where double faced signs are permitted to be separated by more than three (3) feet, the area of both sides of the sign shall be calculated as part of the total area.
- (E) Height: The height of all signs, which are permitted within the municipality with jurisdiction are specified under Section 903 of this Joint Zoning Ordinance. The following specific provisions shall apply to the height of a sign.
- (1) The height of a sign shall be measured from the average elevation of the ground or finished grade to the highest point of the sign.
 - (2) Unless otherwise specified or permitted by this Joint Zoning Ordinance, the maximum height of any sign shall be twenty (20) feet.
 - (3) Unless otherwise permitted by this Joint Zoning Ordinance, no sign that is a part of or is supported by a building shall be erected, placed or displayed upon the roof of such building, nor shall such sign extend above the height of the building.
 - (4) Where the provisions for sign height specified under this Joint Zoning Ordinance do not apply, the Zoning Officer in conjunction with the Zoning Hearing Board may consider a reasonable resolution or remedy.
- (F) Clearance, Visibility and Sight Distance: The following minimum requirements shall apply to the ground clearance, visibility and sight distance for all permitted signs within the municipality with jurisdiction.
- (1) All freestanding signs, which are located within twenty (20) feet of a street right-of-way line shall have at least seven (7) feet of clear space between such sign and the average ground elevation. However, the necessary support structures may extend through such open space.
 - (2) Ground signs shall be located at least ten (10) feet from the street right-of-way line.
 - (3) No ground or freestanding sign shall be located within the clear sight triangle of a street intersection. The provisions for establishing the clear sight triangle are specified under Section 908 of this Ordinance.
 - (4) The minimum sight distance requirements for pedestrians and vehicles shall be considered and applied to all permit applications involving signs.
- (G) Projection. An on-premises projecting sign, which is mounted upon a building so that its principal face is a right angle or perpendicular to the wall of the building may be permitted, subject to the following provisions:

- (1) All such projecting signs shall extend at least one (1) foot from the building but no more than ten (10) feet from the building.
 - (2) No sign shall project outward or perpendicular from the face of a building, whereas there is an open area between the ground and the sky.
 - (3) The minimum height of a projecting sign shall be at least eight (8) feet from the average ground elevation and no higher than twenty (20) feet above the average ground elevation.
 - (4) The maximum area of all projecting signs shall be twenty (20) square feet, as measured on a single side of the projecting sign. Double-faced projecting signs may be permitted for the same use.
- (H) **Maximum Number of Signs:** The maximum number of on-premises signs for a use on a single lot is specified under Section 903 of this Joint Zoning Ordinance. Where multiple uses are contained on a single property, a freestanding sign may be permitted provided it conforms with the provisions of this Joint Zoning Ordinance.
- (I) **Illumination.** The following provisions shall apply to the illumination of signs within The municipality with jurisdiction:
- (1) Unless otherwise specified within this Joint Zoning Ordinance, signs may be illuminated by direct and non-glaring lighting, provided that such lighting is shielded so no direct light will shine on abutting properties or obstruct the vision of motorists or pedestrians within a street right-of-way.
 - (2) The use of red, green or amber lights on any sign within 200 feet of a street intersection shall be prohibited.
 - (3) The use of flashing, transmitted video, or other similar lighting features for signs shall be prohibited.
 - (4) The use of intermittent, animated or transmitted visual message signs may be permitted in the C-1 and I-1 Zoning Districts. The message display area or screen of such signs shall not change more than four (4) times per minute. All such signs shall not be located within ten (10) feet of a street right-of-way line and two hundred (200) feet from the RC, R-1, R-2, R-3 and R-4 Zoning Districts.
 - (5) The use of illuminated signs within the RC, R-1, R-2, R-3 and R-4 Zoning Districts shall be prohibited unless the illuminated sign is specifically related to emergency management uses, medical facilities, municipal uses, institutional uses, and other similar uses considered appropriate by the Zoning Officer.
- (J) **Double Faced Signs:** Any permitted sign may be constructed and installed as a double-faced sign, provided that: it has two parallel surfaces contained within a common frame; the signs are directly opposite from each other; the signs match in size and shape; and are not over three (3) feet apart. All such signs shall be considered as one (1) sign and only one face of one (1) side of the signs shall be used to calculate the total size of the sign. Should the two surfaces deviate from being parallel or should they differ in size or shape, the sign shall be considered as two (2) signs.
- (K) **Supplementary Sign Regulations for all Zoning Districts:** The following supplementary sign regulations shall apply to all zoning districts within The municipality with jurisdiction:
- (1) Real estate signs for the selling, renting or leasing of residential properties shall be permitted subject to the following conditions: the area of the sign shall not exceed six (6) square feet; the spacing of such signs shall be at least two hundred (200) feet apart on the same lot or property; the sign shall be located at least five (5) feet from the street right-of-way line and all other property lines; no more than two (2) signs shall be permitted for each property being sold; and the sign shall be removed within seven (7) days after the final transaction is completed.
 - (2) Real estate signs for the selling, renting or leasing of non-residential properties shall be permitted subject to the following conditions: the area of the sign shall not exceed thirty-two (32) square feet; the spacing of such signs shall be at least 200 feet apart on the same lot or property; the sign shall be located at least five (5) feet from the street right-of-way line and twenty (20) feet from all other property lines; and the sign shall be removed within seven (7) days after the final transaction is completed.

- (3) Property control or restriction signs shall be permitted subject to the following conditions; the area of the sign shall not exceed two (2) square feet; the spacing of such signs shall be at least one hundred (100) feet apart on the same lot or property; and the sign does not contain any personal message, which is considered irrelevant to controlling or restricting the use of a property or lot.
 - (4) Temporary signs may be permitted provided they are not considered permanent and they comply with the provisions established under this Joint Zoning Ordinance.
 - (5) Special event or promotional signs may be permitted provided they are not considered permanent and they comply with the provisions established under this Joint Zoning Ordinance.
 - (6) Special use signs may be permitted provided they are not considered permanent and they comply with the provisions established under this Joint Zoning Ordinance
- (L) Traffic Control and Directional Signs: Unless otherwise permitted by the municipality with jurisdiction or the Pennsylvania Department of Transportation, all traffic control signs and directional signs shall conform with the following:
- (1) Traffic control and directional signs located within the street right-of-way shall be subject to the review and approval of the municipality with jurisdiction and/or the Pennsylvania Department of Transportation. The location, size, type, height, spacing and quantity of the sign (s) shall be stipulated on the permit, as issued by the municipality with jurisdiction and/or the Pennsylvania Department of Transportation.
 - (2) Traffic control and directional signs located outside the street right-of-way within a lot or on private property shall be subject to the review and approval of the municipality with jurisdiction. All such signs shall be located at least two (2) feet from the street right-of-way and ten (10) feet from all other property lines. The maximum number of signs as well as the maximum height and size of each sign are specified under Section 903 of this Joint Zoning Ordinance.
- (M) Political Signs: Political signs, being signs erected in conjunction with a political election, naming a candidate or slate of candidates for a primary or general election or referencing a position in support of or opposition to an issue placed in referendum, shall be installed so as to comply with the following requirements:
- (1) Political signs shall not be placed in the right-of-way of any road and shall be placed only on properties with the property owner's permission.
 - (2) Political signs may be posted thirty (30) calendar days prior to the date of the election.
 - (3) Political signs must be removed within five (5) days following the election.
- (N) Removal of Signs: On-premises signs and off-premises signs that are no longer utilized for the original intent or use shall be removed from the site or changed to accommodate a new sign for the new use within thirty (30) days of occupancy by the new use. All replacement signs shall conform with the provisions specified under this Joint Zoning Ordinance. Upon the removal of any sign, whether temporary or permanent, such removal shall include all associated support including the posts, poles, brackets, arms, trailers and other support mechanisms.

Section 903: Summarization Chart for Categorical Sign Requirements

- (A) Matrix Chart 12 on the following pages summarizes the categorical sign requirements by type, quantity, height, area, location and permit procedures for each use within the municipality with jurisdiction. Where a discrepancy should exist between the provisions contained within the text and the provisions contained within Matrix Chart 12, the provisions contained within the text shall prevail.
- (B) The provisions specified within this matrix chart shall be subject to the interpretation of the Zoning Officer.
- (C) Should a dispute arise concerning the interpretation of these regulations, the person aggrieved by the interpretation may file an appeal with the Zoning Hearing Board.

General Notes concerning the Summary Chart for Categorical Sign Requirements

- (1) The matrix chart provides an abbreviated summary of the basic sign requirements for certain uses and activities within the municipality with jurisdiction. Additional land use and development requirements may apply. Where a discrepancy should exist between the provisions contained within the text and the provisions contained within Summary Matrix Chart for Categorical Sign Requirements, the provisions contained within the text shall prevail.
- (2) Where a discrepancy should exist between the provisions contained within the text portion of the Joint Zoning Ordinance and the provisions contained within Summary Matrix Chart for Categorical Sign Requirements, the provisions contained within the text portion of the Joint Zoning Ordinance shall prevail.
- (3) The provisions specified within this matrix chart shall be subject to the interpretation of the Zoning Officer.

Section 904: Sign Requirements for Residential Uses

- (A) An individual nameplate or street address sign may be posted on any residential lot provided it does not exceed four (4) square feet in area. All such signs shall not be located within the street right-of-way and within five (5) feet from all other property lines.
- (B) Property control and restrictions signs including “no trespassing”, “no hunting”, “no solicitation”, and other similar signs may be permitted subject to the following conditions; the area of the sign shall not exceed two (2) square feet; the spacing of such signs shall be at least one hundred (100) feet apart on the same lot or property; and the sign does not contain any personal message, which is considered irrelevant to controlling or restricting the use of a property or lot.
- (C) Home occupation signs displaying the name and address of the occupant or the profession or activity of the occupant of a dwelling subject to the following conditions:
 - (1) No more than one (1) such sign shall be erected for each permitted use or dwelling.
 - (2) The area of such sign shall not exceed four (4) square feet.
 - (3) The sign shall not be illuminated.
 - (4) The height of the sign shall not exceed a height of ten (10) above the average ground elevation.
 - (5) The sign shall be fixed flat on the main wall of such building or may be erected in the front yard, but not within the street right-of-way or five (5) feet from any other property line.
- (D) Residential developments containing a total of twenty (20) or more residential units may provide a sign for the purposes of identifying the name of the development subject to the following criteria:
 - (1) The signs shall be limited to two (2) freestanding or ground signs per entrance to the development.
 - (2) The maximum size of the sign shall be thirty (30) square feet per sign.
 - (3) The maximum height of a freestanding sign shall be ten (10) feet and shall be constructed of weather-resistant wood, vinyl or decorative masonry.
 - (4) Any wall or fence structure, which supports such signs may not exceed ten (10) feet in height or a maximum of one hundred (100) square feet in area.
 - (5) The sign shall be located at least five (5) feet from the street right-of-way line, twenty (20) feet from all other property lines and shall not be located in the clear sight triangle, as established under Section 908 of this Joint Zoning Ordinance. The final location of such signs shall be approved by the Zoning Officer prior to the issuance of a sign permit.
 - (6) Prior to the issuance of a sign permit, the applicant shall provide sufficient evidence to the Zoning Officer that adequate measures have been taken to ensure proper maintenance of the sign and any accompanying landscaping, and that the sign will be durably constructed as to require minimal maintenance.
 - (7) The illumination of such signs may be permitted provided that t down-lighting is utilized with low intensity lighting, which is less than 100 watts and is located in a manner so that glare or reflection is not greater than 0.1 footcandle at the street right-of-way line.
- (E) Directional signs may be permitted provided they are utilized within the interior of a residential development, are limited to one (1) directional sign per street, and do not exceed four (4) square feet in size.

Section 905: Sign Requirements for Non-Residential Uses

- (A) The maximum number of on-premises signs for a non-residential use shall be limited to the following:
- (1) No more than one (1) ground sign or freestanding sign shall be permitted.
 - (2) No more than eight (8) wall or parallel signs shall be permitted, which shall not exceed two hundred (200) cumulative square feet or occupy more than twenty (20) percent of the front building facade, whichever is less.
 - (3) No more than one (1) projecting sign shall be permitted.
 - (4) Unless otherwise directed by the municipality with jurisdiction, no more than six (6) directional or accessory signs shall be permitted per acre.
- (B) A freestanding or ground sign may be permitted for all non-residential uses and developments, subject to the provisions specified under Section 903 of this Joint Zoning Ordinance. In addition to those requirements, the following provisions shall apply:
- (1) A non-residential use containing less than 10,000 square feet of gross floor area may have one (1) freestanding or ground sign. The area of the sign shall not exceed fifty (50) square feet and shall meet the following criteria:
 - (a) A freestanding sign shall be located at least five (5) feet from the street right-of-way line and thirty (30) feet from all other property lines. The maximum height of a freestanding sign shall be no less than seven (7) feet and no more than twenty (20) feet, as measured from the average ground elevation.
 - (b) A ground sign may be permitted in lieu of a freestanding sign provided that it is located at least ten (10) feet from the street right-of-way line and thirty (30) feet from all other property lines. The maximum height of a ground sign shall be no more than eight (8) feet, as measured from the average ground elevation. Any wall or fence structure, which supports such signs may not exceed eight (8) feet in height or a maximum of two hundred (200) square feet and shall be constructed of weather-resistant wood, vinyl or decorative masonry.
 - (c) The freestanding or ground sign may identify the name of the development as well as any individual permitted uses contained within the development provided it is constructed as a single component with the ability to be changed at any time.
 - (2) A non-residential use containing more than 10,000 square feet of gross floor area may have one (1) freestanding or ground sign. The area of the sign shall not exceed one hundred (100) square feet and shall meet the following criteria:
 - (a) The freestanding sign shall be located at least five (5) feet from the street right-of-way line and thirty (30) feet from all other property lines. The height of all such freestanding signs shall be no less than seven (7) feet and no more than twenty (20) feet, as measured from the average ground elevation.
 - (b) A ground sign may be permitted in lieu of a freestanding sign provided that it is located at least ten (10) feet from the street right-of-way line and thirty (30) feet from all other property lines. The maximum height of a ground sign shall be no more than eight (8) feet, as measured from the average ground elevation. Any wall or fence structure, which supports such signs may not exceed eight (8) feet in height or a maximum of two hundred (200) square feet and shall be constructed of weather-resistant wood, vinyl or decorative masonry.
 - (c) The freestanding or ground sign may identify the name of the development as well as any individual permitted uses contained within the development provided it is constructed as a single component with the ability to be changed at any time.

- (3) A non-residential development containing more than 10,000 square feet of cumulative gross floor area and more than two (2) principal uses located on the same lot within the development shall not exceed one hundred and fifty (150) cumulative square feet and shall meet the following criteria:
- (a) The freestanding sign shall be located at least five (5) feet from the street right-of-way line and thirty (30) feet from all other property lines. The height of all such freestanding signs shall be no less than seven (7) feet and no more than twenty (20) feet, as measured from the average ground elevation.
 - (b) A ground sign may be permitted in lieu of a freestanding sign provided that it is located at least ten (10) feet from the street right-of-way line and thirty (30) feet from all other property lines. The maximum height of a ground sign shall be no more than eight (8) feet, as measured from the average ground elevation. Any wall or fence structure, which supports such signs may not exceed eight (8) feet in height or a maximum of one hundred sixty (160) square feet and shall be constructed of weather-resistant wood, vinyl or decorative masonry.
 - (c) The area of the sign shall not exceed one hundred and fifty (150) cumulative square feet for all uses. The total number of individual advertisements on any such sign shall be limited to six (6) per side.
- (4) A shopping center or shopping mall containing multiple non-residential uses with more than 10,000 square feet of cumulative gross floor within the development shall not exceed one hundred and fifty (150) cumulative square feet and shall meet the following criteria:
- (a) The freestanding sign shall be located at least five (5) feet from the street right-of-way line and thirty (30) feet from all other property lines. The height of all such freestanding signs shall be no less than seven (7) feet and no more than twenty (20) feet, as measured from the average ground elevation.
 - (b) A ground sign may be permitted in lieu of a freestanding sign provided that it is located at least ten (10) feet from the street right-of-way line and thirty (30) feet from all other property lines. The maximum height of a ground sign shall be no more than eight (8) feet, as measured from the average ground elevation. Any wall or fence structure, which supports such signs may not exceed eight (8) feet in height or a maximum of one hundred sixty (160) square feet and shall be constructed of weather-resistant wood, vinyl or decorative masonry.
 - (c) The area of the sign shall not exceed one hundred and fifty (150) cumulative square feet for all uses. The total number of individual advertisements on any such sign shall be limited to six (6) per side.
- (5) All other individual non-residential uses may have one (1) freestanding or ground sign, subject to the provisions specified under Section 903 of this Joint Zoning Ordinance.
- (C) Non-residential uses within the C-1, C-2 and I-1 Zoning Districts may utilize illuminated or animated signs that transmit video messages to be displayed or screen provided that such signs shall not change more than four (4) times per minute. All such signs shall not be located within ten (10) feet of a street right-of-way line and two hundred (200) feet from the RC, R-1, R-2, R-3, R-4 and R-5 Zoning Districts.
- (D) A municipal, governmental, recreational or institutional use may have one (1) freestanding or ground sign for the purposes of displaying the name of the use and its activities or services, provided that the area of any such sign shall not exceed fifty (50) square feet and not more than one (1) sign for each street that the use has more than three hundred (300) feet of frontage. All other pertinent sign requirements for municipal, governmental, recreational or institutional uses, as defined and specified under this Joint Zoning Ordinance shall apply.
- (E) An agricultural use, as further defined and outlined under Section 804 of this Joint Zoning Ordinance, may have one (1) freestanding or ground sign for the purposes of displaying the name of the use and its activities or services, provided that the area of any such sign shall not exceed twelve (12) square feet. All other pertinent sign requirements for agricultural uses, as specified under Section 903 of this Joint Zoning Ordinance shall apply.

Section 906: Off-Premises Advertising Signs or Billboards

- (A) Off-premises advertising signs or billboards, as defined by this Joint Zoning Ordinance are permitted by special exception within the I-1 Zoning District.
- (B) All off-premises advertising signs or billboards shall not exceed two hundred and fifty (250) square feet. The spacing of such signs shall be at least 1,500 linear feet apart from another off-premises advertising sign or billboard on the same side of the road.
- (C) All off-premises advertising signs or billboards shall be located to comply with the following requirements for setback, separation distance, height and arrangement:
 - (1) Off-premises advertising signs or billboards shall be located at least ten (10) feet from the street right-of-way line and no further than one hundred (100) feet from the street right-of-way line, as measured on the same side of the street to which the off-premises advertising sign or billboard is located.
 - (2) Off-premises advertising signs or billboards shall be located at least thirty (30) feet from all other property lines.
 - (3) Off-premises advertising signs or billboards shall be located at least five hundred (500) feet from the center of the nearest street intersection or interchange.
 - (4) The maximum height of all such off-premises advertising signs or billboards shall be no less than twenty (20) feet to the bottom edge of the sign and no more than forty (40) feet to the top edge of the sign, as measured from the average ground elevation.
 - (5) When two (2) off-premises advertising signs or billboards are located and orientated in the same direction, the maximum cumulative surface area of the signs shall not exceed six hundred and seventy-two (672) square feet and shall not exceed a height of forty (40) feet.
 - (6) When two (2) off-premises advertising surface signs or billboards are orientated in a back-to-back arrangement, they shall be parallel and directly opposite from each other and shall not be spaced by more than eight (8) feet. The size and shape of the signs should not deviate from each other and they shall utilize the same support structure.
 - (7) When two (2) off-premises advertising surface signs or billboards are orientated in a V-type arrangement, they shall be at least fifteen (15) feet apart at the mid-point distance nor shall the interior angles be greater than forty-five (45) degrees. The size and shape of the signs should not deviate from each other and they shall utilize the same support structure.
 - (8) No off-premises advertising sign or billboard shall be located in any manner that disrupts or distracts the operator of a motor vehicle.
- (D) All off-premises advertising signs or billboards shall be located to comply with the following design requirements:
 - (1) All off-premises advertising sign or billboard shall be designed, located and constructed in accordance with all local and state codes. As part of this requirement, all permit applications shall include signed and sealed plans from a licensed engineer within the Commonwealth of Pennsylvania.
 - (2) All off-premises advertising signs or billboards shall be constructed and erected on a steel unipole or steel I-beams meeting the minimum standards established by the Outdoor Advertising Association of America and the Institute of Outdoor Advertising.
 - (3) The support structures for all off-premises advertising signs or billboards shall be constructed and erected on permanent footings, as determined by the licensed engineer responsible for the permit application.
 - (4) No off-premises advertising sign or billboard shall be constructed and erected that resembles any official marker, logo and/or insignia of any governmental entity or other organization without written consent.

- (5) The off-premises advertising sign or billboard shall not contain vulgar messages or depict any lewd, pornographic, lascivious or other offensive acts.
 - (6) The off-premises advertising sign or billboard shall be maintained and inspected by the applicant of the permit on a regular basis, but shall not exceed a period of time of more than thirty (30) days.
